

## Resource Directory

The purpose of the Resource Directory is to help you locate services and programs that will fit your needs.

For Court ordered services, the Resource Directory contains the names and numbers for locating facilities that will fulfill the Court order requirements.

On pages 3-5, the Resource Directory contains an index.

The Index is used by first finding the desired Service at the top of the chart.

See Figure one for an example of the list of services

In Figure 2, the example shows a facility that has multiple sites. You may call the number on the index by the facility or continue to look up the facility in the Resource Directory.

Pages 7 to 31 in the Resource Directory are dedicated to listing these facilities in alphabetical order. More details, such as costs and addresses, are found under each facility in the alphabetical section.

The Resource Directory is not only for Court ordered services, starting on page 32, the Resource Directory lists community resources for families such as After-school programs, Children's counseling, and many other local facilities and programs.
